FINDING US AT NADI AIRPORT

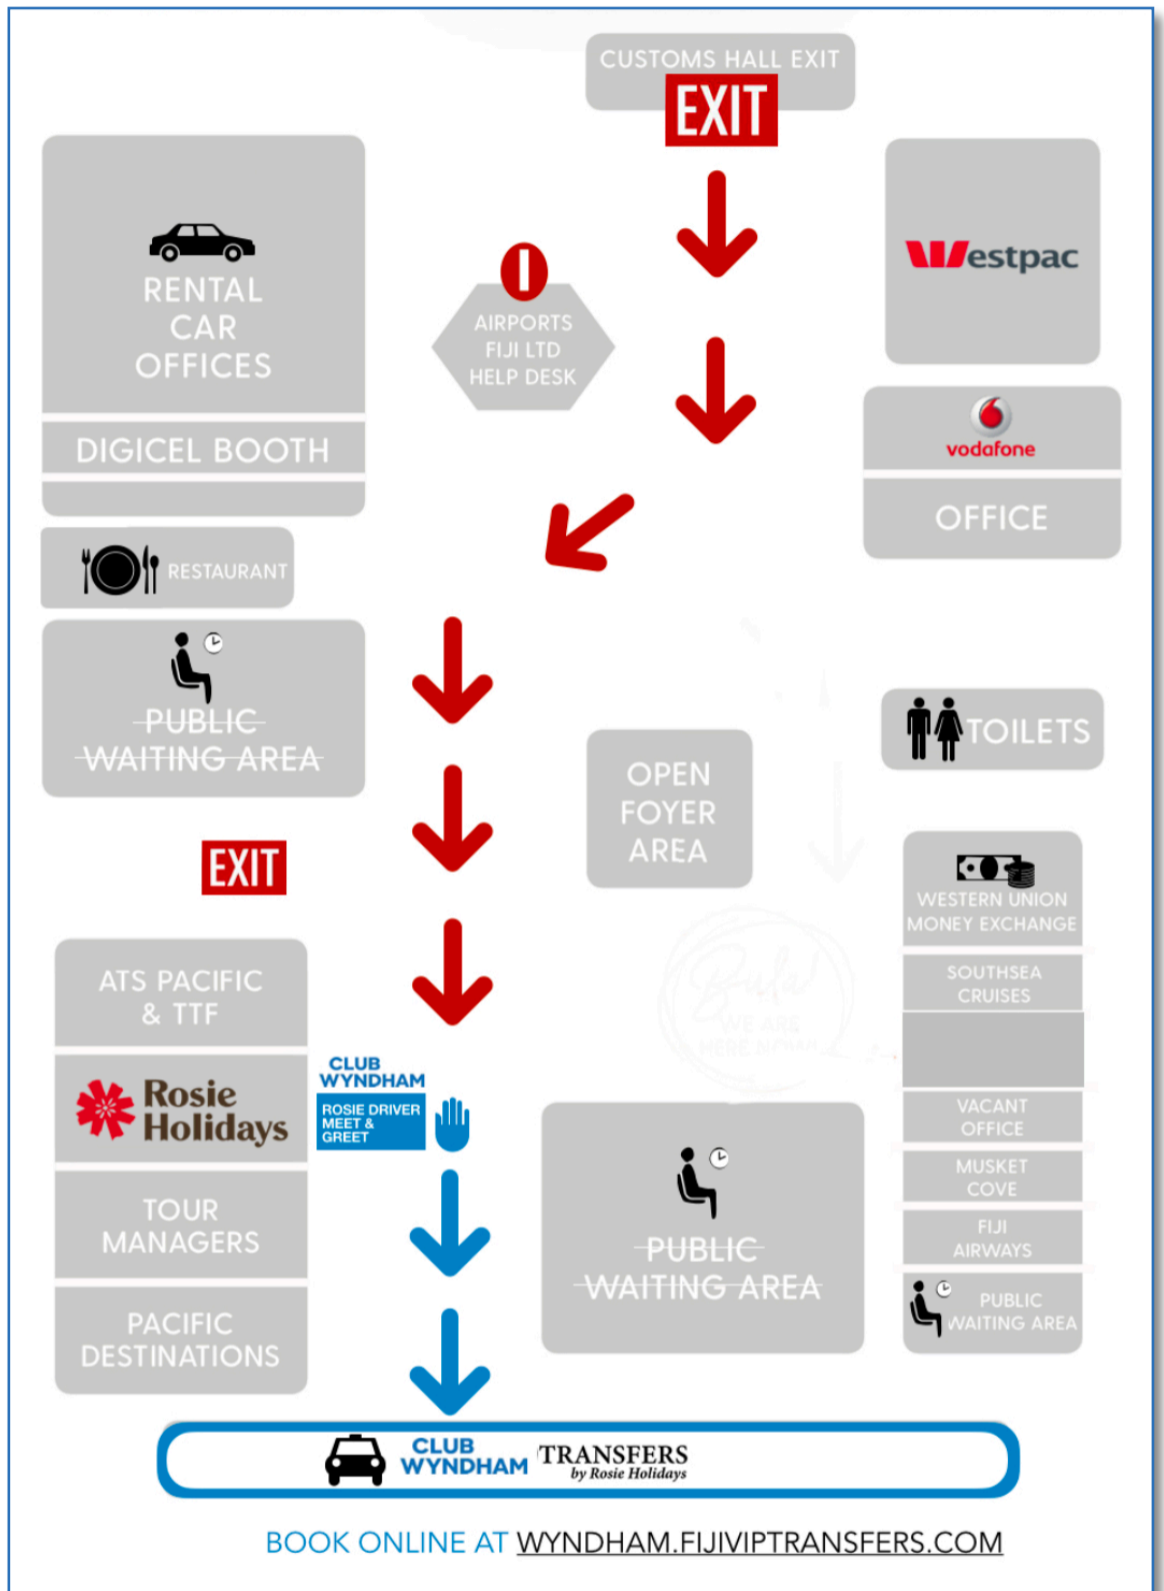

On Arrival at the Nadi International Airport

Upon your arrival in Fiji at the Nadi International Airport, you will be required to clear immigration border control checks and then head downstairs to pick up your luggage in the Luggage Hall. Once you have collected all your bags, you will be required to clear Customs screening of all your luggage before you can then exit to find us.

When exiting the Customs Hall, you will be directed to the Fiji Airports Limited Customer Help Desk from where they will then direct you to our location where your driver concierge will meet you.

Head straight down the Arrivals Hall passage on the right hand side where your driver concierge will be waiting with your name displayed on his digital signboard. Our Meet and Greet Concierge is located outside the Rosie Holidays office.

Once you have identified yourself and verification of your identity is confirmed (sighting of passport), you will then be escorted to your waiting Rosie Transfer for boarding and departure to Club Wyndham on Denarau Island.
